

June 4, 2008

The Board of Linn County Commission met in special session by phone at 3:21 PM. The phone poll was conducted to discuss repairs to the 2003 Ford F350 driven by Fire Chief Doug Barlet. County Clerk David Lamb contacted the Linn County News and the Osawatomie Graphic prior to the phone poll. The original estimate for the repairs was \$850.00, however additional problems were discovered during the repairs that caused the estimate to increase to \$2,000.00. Commissioner Pemberton and Commissioner Sabine were contacted and both approved the repairs. Commissioner Page was unavailable at the time but was informed of the decision later. Doug Barlet informed Cox Motor Company to proceed with the repairs.

With nothing further on the agenda the meeting adjourned.

Attest:

Commission Chair

County Clerk
